

# OSI Geospatial Signs Fleet-Wide ECPINS® 6.0 Software Upgrade Contract with the Royal Danish Navy

**December 5, 2011  
Vancouver, Canada**

OSI Geospatial Inc. (TSX-V: OSI) (“OSI Geospatial”) a world leader in naval integrated navigation and tactical solutions, announced today that it has signed a contract to upgrade the Royal Danish Navy to the newly released ECPINS 6.0. The software upgrade will be installed on ECPINS systems that are currently deployed across a fleet of approximately 50 warships.

The company has been providing navigation and tactical solutions and services to the Royal Danish Navy since 2001.

### **About OSI Geospatial**

OSI Geospatial Inc. operates two distinct business units: Offshore Systems Ltd. (based in Vancouver, British Columbia), a world-leading naval fleet supplier of integrated navigation and tactical solutions; and CHI Systems, Inc. (based in Philadelphia, Pennsylvania), a leading-edge research, development, and systems integration supplier of technology solutions for defense, aerospace, health, and bioscience markets. OSI Geospatial systems and software are in use by military, government, and commercial customers around the world. The Company is publicly traded on the TSX Venture Exchange.
